Phonics

We will continue using the RWI YouTube videos for set 1 and they will now start again from the beginning. For set 2 we will keep using the phonics PowerPoints. If you want an extension for your child, please see the Read, Write, Inc resources on Oxford Owl for ebooks, ditty stories and sound blending books.

Maths

National Oak follows the Maths Mastery scheme which we also use in school, meaning the lessons are extremely similar to those we would usually teach.

This week we are starting shape and pattern. On Monday at 1.30pm there will be a maths live session introducing this topic.

Literacy

Tuesday- We are reading the story The Way Back Home by Oliver Jeffers. We will be building a rocket.

Wednesday- Today we are watching the video for The Way Back Home. We will then be writing some speech between the Alien and the Boy.

Friday- In today's lesson we are sequencing the story, with emphasis on discussing what is happening in each of the pictures.

World Book Day

On Thursday it is WBD which means we have a fun day planned with different activities. We will be getting dressed up for school so it would be great if you guys at home got dressed up too, then we can all look at our costumes on the Google Meet. Feel free to choose your own activities for WBD but there are some nice ideas on the timetable which we will be doing in school. If you want to join the 10am session with Nicola Slater please make sure you sign up first.
